What's on offer...

I will be offering shoots in New York, New York.
These shoots will take place between 8th- 10th September

The Shoot will cover 4 looks.

Examples of the locations are listed below.

Brooklyn bridge
New York Taxi
Skyline
Grand Central Station
New York streets

Anywhere with pretty light
Anywhere with an awesome New York Backdrop
Sunrise and sunset depending what slot you book

We will plan your session before hand so you get the most out of the experience.

Shoot Time:

You will choose between a sunrise session (approx 6am)
Or sunset session (approx 5pm)
Your shoot will last approx 3-4 hours.

I shoot two girls during each session. I try to pair girls up who have a similar modelling experience however this isn't essential. This allows for girls shoot time to be more relaxed. Both clients get exactly the same time in front of the camera , however sometimes one may get slightly longer or less if I am waiting for a particular light to come back/ someone to move from the background etc.

Previously we found this worked really well and girls enjoyed sharing the experience with someone. If they weren't friends already they were besties by the end of the session.
